433 SUPERSEDES IN PART

Field Definition and Scope

The field is used to link a continuing resource being catalogued to a preceding title. Fields 431-437 are used in preference to 430 when it is required to elaborate on the "preceding" relationship.

The specifications below are in addition to those given at the block under 4-- LINKING ENTRY BLOCK.

Notes on Field Contents

Where an agency uses this fields they should be distinguished as follows:

Continues: the new title replaces the earlier title without a change in numbering;

Supersedes: the new title replaces the earlier title and the numbering of the earlier one is not continued;

Absorbed: a continuing resource was in existence before it absorbed an earlier continuing resource and it continues with its own numbering.

Separated from: the new title was once a part of a still existing title.

Related Fields

44- Succeeding Entry Fields	Fields 440-445 are used for the reciprocals of the relationships identified by fields 430-435.
448 CHANGED BACK TO	This field is used to link a continuing resource being catalogued to a continuing resource which both preceded it and succeeded it. The practice recommended by the ISSN Centre is to use fields 440 CONTINUED BY and 430 CONTINUES.
520 FORMER TITLE (CONTINUING RESOURCES)	Used when the practice is to record a continuing resource under its latest title with added entries under earlier titles. Not to be used when 430-437 are used.

Recommended usage of 430 and 440 fields instead of using the 448 field. The journal *Kolo* changed back to this title twice during its publishing history. Each time the title changes a new record is created and the records are linked by fields 430 and 440. Each title is differentiated by adding the qualifier in the key title.
